Raccomandiamo la massima attenzione

nella lettura dei valori di solidità.
Sconsigliamo abbinamenti/intarsi tra colori che abbiano valori di solidità al lavaggio, acqua o acqua di mare inferiori a 4/5.
In caso di necessità di abbinamento/intarsio consigliamo sempre una prova preventiva.

Please pay special attention

to the fastness values declared on the colour card.
Combination of colours is not recommended when the fastness values of washing, water or sea water are lower than 4/5.
In case of combination we suggest a trial before.
